MalaysiaHello Mark , i'm Peter and I live in Kidderminster not far from stourbridge, I think I might be able to give you a start but I would need a little information, have you got any birth certificates of your grand father that will have dates and place of birth I you do not want to put this info on the forum I will send you email address of the first source of information that will give you a start. We shall be putting details of how to trace your family in the future but I will assist if you want me to. Webmaster does not want you to put personal details if you do not want to but if you want to but the purpose of the site is to create a world wide in the future for everyone it is a big task each person can trace his own family and that can be fitted into a greater picture later on. If you do not have any details I will assist you to start.It would be interesting if you would like to say how you came to live in Malaysia.  
Good to hear from you Peter
